(Wirral & Merseyside)

Ovarian Cancer Support Group

Have you suffered from, or know somebody with, or maybe you have recently been diagnosed with **Ovarian Cancer** ?

We at the **Ovarian Cancer Support Group** would love to hear from you.

We are a recently formed **Internet** based Support Group who have formed to try to help fellow sufferers.

The aim of the Group is to enable people to join together in **support of each other**, this achieved by possible future meetings but mainly by **your** input on our **OPEN** On-Line Forum, which will be found on our Website at [www.ocsg.co.uk](http://www.ocsg.co.uk) .

On the Forum you may ask questions about conditions that you are unsure off, or any general questions you would like answers to. We hope to have the support of a Gynae-Oncology Doctor who, perhaps could assist by answering your very important Gynaecological health concerns and worries.

It is unfortunate that there is little (when compared to other cancer support groups), support for victims of **Ovarian** or other **Gaenocological** Cancers therefore your input to our Forum will be so very welcome

**THANK YOU**
